INDEPENDENT AUDITOR'S REPORT

The Agency Officials Urban Renewal Agency of the City of Wilsonville Wilsonville, Oregon

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities and each major fund of the Urban Renewal Agency of the City of Wilsonville, a component unit of the City of Wilsonville, Oregon, as of and for the year ended June 30, 2019, and the related notes to the financial statements, which collectively comprise the Urban Renewal Agency of the City of Wilsonville's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

The Urban Renewal Agency of the City of Wilsonville's management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, and each major fund of the Urban Renewal Agency of the City of Wilsonville, as of June 30, 2019, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the required supplementary information, such as management's discussion and analysis, as listed in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the management's discussion and analysis, as listed in the table of contents in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary and Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Urban Renewal Agency of the City of Wilsonville's basic financial statements. The introductory section and supplementary data are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The supplementary data, as listed in the table of contents, is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The introductory section has not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on it.

Reports on Other Legal and Regulatory Requirements

Other Reporting Required by Oregon Minimum Standards

In accordance with Minimum Standards for Audits of Oregon Municipal Corporations, we have also issued our report dated December 18, 2019, on our consideration of the Urban Renewal Agency of the City of Wilsonville's compliance with certain provisions of laws and regulations, including the provisions of Oregon Revised Statutes as specified in Oregon Administrative Rules. The purpose of that report is to describe the scope of our testing of compliance and the results of that testing, and not to provide an opinion on compliance.

For Merina+Co Tualatin, Oregon December 18, 2019

URBAN RENEWAL AGENCY OF THE CITY OF WILSONVILLE (a component of the City of Wilsonville, Oregon)

Management's Discussion and Analysis
For the Year Ended June 30, 2019

As management of the City of Wilsonville's Urban Renewal Agency (the "Agency"), we offer readers of the Agency's financial statements this narrative overview and analysis of the financial activities for the fiscal year ended June 30, 2019. The focus is on current year activities and should be read in conjunction with the financial statements that follow.

REPORT LAYOUT

The report consists of agency-wide statements, fund financial statements, notes to the statements, and supplementary information. The agency-wide statements include the Statement of Net Position and the Statement of Activities

Statement of Net Position – The Statement of Net Position provides a focus on the unrestricted assets related to the Agency's governmental activities. This statement reflects capital assets including infrastructure and long-term liabilities for the Agency.

Statement of Activities – The Statement of Activities focuses on the program costs and their matching resources. General taxes are the primary resource for funding urban renewal programs. This Statement provides information on the changes to net position.

Fund Statements – Following the agency-wide statements is a section containing fund financial statements. The Agency presents each of its seven funds as major funds.

Notes and Supplementary Information — The notes provide additional information that is essential to a full understanding of the data provided in the financial statements. For each fund a Budgetary Comparison Schedule is presented.

URBAN RENEWAL AGENCY OF THE CITY OF WILSONVILLE (a component of the City of Wilsonville, Oregon) Management's Discussion and Analysis For the Year Ended June 30, 2019

Highlights of Net Position

- Capital assets increased \$4.28 million. The increase was due primarily to an increase in construction on Tooze Road (110th to Grahams Fry) and the I-5 Pedestrian Bridge. The increase in capital assets is also reflected in the change of net investment in capital assets.
- Long-term debt increased \$1.5 million. The net increase was due to a combination of debt issuance for the Coffee Creek District and regularly scheduled repayment of debt in accordance with the established bond amortization schedules.

Highlights of Activities

- Tax increment revenue totaled \$9.3 million and is restricted to repayment of debt. This revenue is up 2.2% from the prior year.
- There were no transfers of completed urban renewal improvement projects to the City.

URBAN RENEWAL AGENCY OF THE CITY OF WILSONVILLE (a component of the City of Wilsonville, Oregon) Management's Discussion and Analysis For the Year Ended June 30, 2019

Budgetary Highlights

The Agency's adopted budget was amended five times during the fiscal year. The first amendment increased the Year 2000 Program Income Fund budget by \$512,050 with \$440,000 for capital outlay costs associated with the Boeckman Dip Bridge project and the remaining \$72,050 to roll over unused funds from the prior fiscal year for the Town Center Concept Plan project. The second amendment increased the Year 2000 Capital Projects Fund budget by an additional \$1,512,000 relating to property acquisition for the I-5 Pedestrian Bridge project. The third amendment increased the Year 2000 Program Income Fund budget by \$1,815,000 with \$1,750,000 for property acquisitions for the 5th street to Kinsman Extension Project and the remaining \$65,000 for project management fees on the Town Center Concept Plan project. The fourth amendment increased the Year 2000 Capital Projects Fund budget by \$22,500 for project management fees associated with the Town Center Concept Plan project. The final amendment increased the Coffee Creek Capital Projects Fund for \$15,000 for amounts associated with bond issuance costs.

FINANCIAL ANALYSIS OF INDIVIDUAL FUNDS

The West Side Plan Debt Service Fund ending fund balance decreased by \$.3 million to \$11.5 million at year end. Revenues are primarily from property taxes and expenditures consist of debt service (principal and interest) payments.

The West Side Plan Capital Projects Fund ending fund balance increased by \$1.6 million to \$.8 million at year end. The fund issued \$3.0 million of short term debt during the year to complete capital projects, which was repaid by the West Side Plan Debt Service Fund. There are no significant revenue resources for this fund and expenditures primarily consist of materials and services and capital outlay designed to consume this fund balance.

The West Side Plan Program Income Fund ending fund balance decreased by \$1.9 million to \$.2 million at year end. There are no significant revenue resources for this fund and expenditures primarily consist of materials and services and capital outlay designed to consume this fund balance.

The Year 2000 Plan Debt Service Fund ending fund balance increased by \$3.9 million to \$13.2 million at year end. Revenues are primarily from property taxes and expenditures consist of debt service (principal and interest) payments.

The Year 2000 Plan Capital Projects Fund ending fund balance decreased by \$.6 million to \$2.5 million at year end. Expenditures primarily consist of materials and services and capital outlay designed to consume this fund balance.

The Year 2000 Plan Program Income Fund ending fund balance decreased by \$1.4 million to \$.7 million at year end. There are no significant revenue resources for this fund and expenditures primarily consist of materials and services and capital outlay designed to consume this fund balance.

The Coffee Creek Debt Service Fund ending fund balance increased by \$.25 million to \$.46 million at year end. Revenues are primarily from property taxes, there were no expenditures in the current year.

The Coffee Creek Capital Projects Fund ending fund balance increased by \$3.8 million to \$3.8 million at year end. Expenditures primarily consist of materials and services and capital outlay designed to consume this fund balance. There were no expenditures in the current year as this fund was established in 2019.

URBAN RENEWAL AGENCY OF THE CITY OF WILSONVILLE (a component of the City of Wilsonville, Oregon) Management's Discussion and Analysis

For the Year Ended June 30, 2019

CAPITAL ASSETS AND DEBT ADMINISTRATION

Capital Assets

As of June 30, 2019 the Agency had invested \$17.4 million in capital assets as reflected in the following table.

Table 3
Capital Assets at June 30, 2019 and 2018

(in thousands)

	Governmental Activities									
		2019		2018						
Land	\$	7,163	\$	7,163						
Buildings & improvements		981		1,034						
Construction in progress		9,229		4,897						
Total	\$	17,374	\$	13,094						

As of June 30, 2019, land held includes possible future park and recreation sites. The Year 2000 Plan District includes property acquired in a prior year from the Wesleyan Church and property north of City Hall which is held for future development. The West Side District includes property acquired in the Villebois area. The increase in construction in progress is predominately related to improvements on projects including the Tooze Road project as well as the I-5 Pedestrian Bridge. Generally, at the completion of a project the capital assets are transferred to the City at cost. Additional information about the Agency's capital assets and depreciation can be found beginning on page 24 in the Notes to the Basic Financial Statements.

Debt Outstanding

As of year-end, the Agency had \$32.5 million in debt outstanding, \$1.5 million more than the prior year. Of the outstanding debt, \$3.8 million is a new issuance from the Coffee Creek District, \$5.2 million is from the Year 2000 Plan District, and the remaining \$23.5 million is from the West Side District. Additional information about the Agency's debt and amortization terms can be found beginning on page 25 of the Notes to the Basic Financial Statements.

ECONOMIC FACTORS

The Urban Renewal Agency continues to be an important partner in economic development within the City of Wilsonville, providing necessary infrastructure improvements to support continued growth and quality of service to those within the Agency's boundaries. Increasing property values within the boundaries of the Agency translate into increasing tax increment revenue available. That tax increment revenue is then used to pay debt service on bonds issued to fund projects and improvements. The following tables illustrate the growth of assessed values within the Agency's three established districts.

Year 2000 Plan District

For many years the Year 2000 Plan District has enjoyed a continuous growth in its incremental value. In 2004-05 the Board approved the removal of certain taxable properties from the District. Since then other removals have occurred, each reduction with the intent to limit tax increment revenues to approximately \$4 million per year. Beginning in fiscal year 2010-11 the Agency chose to under levy to achieve the \$4 million level. This level is sufficient to cover debt service requirements for existing and planned future debt.

West Side District

In October 2003, the Urban Renewal Board created a new district known as the West Side Urban Renewal Area. As the graph illustrates, the District has experienced rapid growth in assessed value. The tax from the new growth is used to pay the debt service of the District. The increase in the frozen value in 2009-10 is due to the addition of approximately 60 acres to the District including the property on which a Fred Meyer development is located.

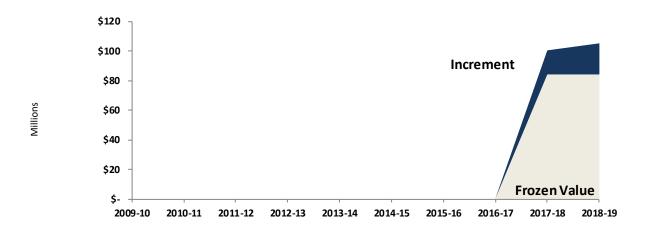

URBAN RENEWAL AGENCY OF THE CITY OF WILSONVILLE (a component of the City of Wilsonville, Oregon) Management's Discussion and Analysis For the Year Ended June 30, 2019

TABLE 6 **WEST SIDE DISTRICT ASSESSED VALUES** (by component) \$700 \$600 \$500 \$400 Millions \$300 **Frozen Value** \$200 **Increment** \$100 \$0 2009-10 2010-11 2011-12 2012-13 2013-14 2014-15 2015-16 2016-17 2017-18 2018-19

Coffee Creek District

In October 2016, the Urban Renewal Board created a new district known as the Coffee Creek Urban Renewal Area. This new district encompasses approximately 216 acres within the City's municipal boundaries to foster economic development within this area, primarily focusing on light industrial opportunities.

FINANCIAL CONTACT

The Agency's financial statements are designed to present users (citizens, taxpayers, customers, investors and creditors) with a general overview of the Agency's finances and to demonstrate the Agency's accountability. If you have questions about the report or need additional financial information, you should contact the Agency's Finance Director at 29799 SW Town Center Loop E, Wilsonville, Oregon 97070 or via email to rodocker@ci.wilsonville.or.us. Financial information for current and prior years is also available at www.ci.wilsonville.or.us.

Reconciliation of the Statement of Revenues,

Expenditures, and Changes in Fund Balances of Governmental Funds to the Statement of Activities

For the year ended June 30, 2019

Net change in fund balances - total governmental funds		\$ 5,185,106
Amounts reported for governmental activities in the Statement of Activities are different because:		
Governmental funds report capital outlays as expenditures while governmental activities report additions to capital assets. Expenditures for capital assets Less current year depreciation	\$ 4,332,163 (53,036)	4,279,127
Revenues in the Statement of Activities that do not provide current financial resources are not reported. as revenues in the funds.		
Property taxes		(314,133)
Repayment of bond principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the Statement of Net Position. Bond and loan proceeds Principal payments		(3,800,000) 2,259,985
Some expenses reported in the Statement of Activities do not require the use of current financial resources and therefore are not reported as expenditures in governmental funds.		
Accrued interest		4,201
Change in Net Position		\$ 7,614,286

The notes to the financial statements are an integral part of this statement.

Notes to the Basic Financial Statements

June 30, 2019

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements for the Urban Renewal Agency (the "Agency") have been prepared in accordance with accounting principles generally accepted in the United States of America (GAAP). GAAP statements include all relevant Governmental Accounting Standards Board (GASB) pronouncements.

The Agency

The Urban Renewal Agency, a component unit of the City of Wilsonville, Oregon, was organized on June 4, 1990 and commenced operations during Fiscal Year 1993 under the provisions of Oregon Revised Statutes, Chapter 457 (ORS 457), to provide for rehabilitation of blighted and deteriorated areas within the City's designated urban renewal areas. As provided by ORS 457, the Wilsonville City Council comprises the Urban Renewal Agency's Board. The principal funding source is from bond sales, which are repaid from tax increment revenues and interest earnings. Project management and administration are performed by City personnel.

The Agency is a legally separate entity governed by the Agency's Board. The City Council has the ability to impose its will over the Agency as determined on the basis of budget adoption, taxing authority and funding for the Agency. Therefore, under the criteria of the Governmental Accounting Standards Board, the Agency is considered a component unit of the City of Wilsonville and the Agency's financial activities are included as a blended component unit in the basic financial statements of the City.

The Agency has no potential component units.

Basic Financial Statements

The Agency's financial operations are presented at both the agency-wide and fund financial levels. All activities of the Agency are categorized as governmental activities.

The agency-wide financial statements display information about the Urban Renewal Agency as a whole. The focus is on its sustainability. As such, the reporting presents the change in the aggregate financial position of the Agency, resulting from the activities of the fiscal period. These aggregated statements consist of the Statement of Net Position and the Statement of Activities.

The Statement of Net Position demonstrates the Agency's financial position by displaying the difference between its total assets and total liabilities. The net position is further subdivided into three categories: net investment in capital assets, restricted for debt service and unrestricted.

The Statement of Activities demonstrates the degree to which the direct expenses of a given function are offset by program revenues. Direct expenses and revenues are clearly identifiable with a specific function. All costs are supported by general revenues which include property taxes and interest earnings.

Fund financial statements display information at the individual fund level. Each fund is considered to be a separate accounting entity. Funds are classified and summarized as governmental, proprietary and fiduciary activities. Currently, the Agency has only governmental fund types.

(a component unit of the City of Wilsonville, Oregon)

Notes to the Basic Financial Statements

June 30, 2019

Basis of Presentation

The financial transactions of the Agency are recorded in individual funds. Each fund is accounted for by providing a separate set of self-balancing accounts that comprises its assets, liabilities, reserves, fund equity, revenues and expenditures/expenses. The various funds are reported by generic classification within the financial statements.

GAAP set forth minimum criteria (percentage of the assets, liabilities, revenues or expenditures/expenses of either fund category or the governmental and enterprise combined) for the determination of major funds. For purposes of presentation, each of the Agency's funds is presented as a major fund.

Debt Service Funds - Account for the accumulation of resources and payment of principal and interest on the Urban Renewal Bonds. The principal sources of revenue are tax increment revenues and interest earnings.

Capital Projects Funds - Account for the acquisition and development of capital assets. The principal revenue sources are bond proceeds and interest earnings.

Program Income Funds - Accounts for Urban Renewal projects funded from program income.

Measurement Focus and Basis of Accounting

Measurement focus is a term used to describe *which* transactions are recorded within the various financial statements. Basis of accounting refers to *when* transactions are recorded, regardless of the measurement focus.

The Agency-Wide Financial Statements are presented on a full accrual basis of accounting with an economic resource measurement focus. An economic resource focus concentrates on an entity or fund's net position. All transactions and events that affect the total economic resources (net position) during the period are reported. An economic resources measurement focus is inextricably connected with full accrual accounting. Under the full accrual basis of accounting, revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of the timing of related cash inflows and outflows.

The Fund Financial Statements are presented on a modified accrual basis of accounting with a current financial resource measurement focus. This measurement focus concentrates on the fund's resources available for spending in the near future. Only transactions and events affecting the fund's current financial resources during the period are reported. Similar to the connection between an economic resource measurement focus and full accrual accounting, a current financial resource measurement focus is inseparable from a modified accrual basis of accounting. Under modified accrual accounting, revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the Agency considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under full accrual accounting. Since the governmental fund statements are presented on a different measurement focus and basis of accounting than the agency-wide statements, reconciliations are provided to explain the differences between the fund financial statements and the agency-wide statements.

Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Net Position/Fund Balance

Cash and Investments

Cash and cash equivalents include cash on hand, demand deposits, short-term investments with original or remaining maturities of three months or less when purchased, and cash and investments in the investment pool maintained by the Agency. Investments are stated at the mark to market rate.

(a component unit of the City of Wilsonville, Oregon)

Notes to the Basic Financial Statements

June 30, 2019

Receivables and Payables

Property taxes are levied and become a lien on July 1. Collection dates are November 15, February 15 and May 15 following the lien date. Discounts are allowed if the amount due is received by November 15 or February 15. Taxes unpaid and outstanding on May 16 are considered delinquent. All property taxes receivable are due from property owners within the urban renewal area.

In the fund financial statements, property taxes receivable that have been collected within 60 days of fiscal year-end are considered measurable and available and are recognized as revenue. The remaining balance is recorded as a deferred inflow of resource as it is deemed unavailable to finance operations of the current period. An allowance for doubtful accounts is not deemed necessary, as uncollectible taxes become a lien on the property. In the agency-wide financial statements, property taxes receivable is recognized as revenue when earned.

Capital Assets

Capital assets which include property and infrastructure (e.g. roads, pathways, street lights, parks, etc.) are reported in the agency-wide financial statements. Capital assets are defined by the Agency as assets with an initial individual cost of \$5,000 or more, and an estimated useful life of greater than one year. Additions or improvements and other capital outlays that significantly extend the useful life of an asset, or that significantly increase the capacity of an asset are capitalized. Costs incurred for repairs and maintenance are expensed as incurred.

Assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated assets are recorded at estimated fair value as of the date of donation. In the governmental fund statements, capital assets are charged to expenditures as purchased.

Generally, when construction projects are completed, the project's capital assets are transferred from the Agency to the City of Wilsonville at cost. Land and related improvements are transferred from the Agency to the City when the property has been developed and open for public use. Proceeds from the sale of capital assets held by the Agency are recognized as program income within the Agency. Once transferred to the City any subsequent sale is recognized and reported by the City.

Depreciation on exhaustible assets is recorded as an allocated expense in the Statement of Activities with accumulated depreciation reflected in the Statement of Net Position, and is provided on the straight-line basis over the following estimated useful lives:

ASSET	YEARS
Buildings and improvements	25-40
Improvements other than buildings	10-20
Infrastructure	20-40

One-half year of depreciation is taken in the year the assets are acquired or retired. Gains or losses from sales or retirements of capital assets are included in operations of the current period.

Long-Term Debt

In the agency-wide financial statements, long-term debt is reported as a liability of the governmental activities in the Statement of Net Position. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are treated as period costs in the year of issue and are shown as other financing uses.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

(a component unit of the City of Wilsonville, Oregon)

Notes to the Basic Financial Statements

June 30, 2019

Use of Estimates

In preparing the Agency's financial statements, management is required to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Deferred Outflows/Inflows of Resources

In addition to assets, the statement of net position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/ expenditure) until then.

In addition to liabilities, the statement of net position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time.

Net Position Flow Assumption

Sometimes the Agency will fund outlays for a particular purpose from both restricted (e.g., restricted bond or grant proceeds) and unrestricted resources. In order to calculate the amounts to report as restricted – net position and unrestricted – net position in the agency-wide financial statements, a flow assumption must be made about the order in which the resources are considered to be applied. It is the agency's policy to consider restricted – net position to have been depleted before unrestricted – net position is applied.

Fund Balance Flow Assumptions

Sometimes the government will fund outlays for a particular purpose from both restricted and unrestricted resources (the total of committed, assigned, and unassigned fund balance). In order to calculate the amounts to report as restricted, committed, assigned, and unassigned fund balance in the governmental fund financial statements a flow assumption must be made about the order in which the resources are considered to be applied. It is the agency's policy to consider restricted fund balance to have been depleted before using any of the components of unrestricted fund balance. Further, when the components of unrestricted fund balance can be used for the same purpose, committed fund balance is depleted first, followed by assigned fund balance. Unassigned fund balance is applied last.

Fund Balance

In the fund financial statements, the fund balance for governmental funds is reported in classifications that comprise a hierarchy based primarily on the extent to which the government is bound to honor constraints on the specific purposes for which amounts in those funds can be spent. These fund balances categories are:

- Non-spendable: Includes resources that are either in a non-spendable form or legally or contractually required to be maintained intact. Resources in non-spendable form include inventories, prepaids and deposits, and assets held for resale.
- Restricted: Includes resources that are restricted by external creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments; or imposed by law through constitutional provisions or enabling legislation.
- Committed: Includes amounts that can only be used for the specific purposes determined by a resolution approved by the Agency governing body. Commitments may be established, modified, or rescinded only through an approved resolution by the Agency's governing body.
- Assigned: Represents amounts that reflect the Agency's intended use of resources. Authority to classify a portion of fund balance as assigned is explicitly granted to the Agency Board of Directors, City Manager, and the Finance Director as part of the yearly budget resolution passed and approved by the Urban Renewal Agency, Board of Directors.
- Unassigned: This classification is used to report any deficit fund balance amounts.

(a component unit of the City of Wilsonville, Oregon)

Notes to the Basic Financial Statements

June 30, 2019

Fund balance by classification for the year ended June 30, 2019 is as follows:

	 West Side Plan					Year 2000 Plan						Coffee Creek

2. STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

Budgetary Information

Annual budgets for Agency funds are adopted in accordance with Oregon Revised Statutes (ORS 294 – Local Budget Law). The process under which the budget is adopted is described below.

Each May, the proposed budget is submitted to the Budget Committee (consisting of the Agency Board members and an equal number of appointed citizens). The Agency is required to budget all funds. The budget is prepared for each fund on the modified accrual basis of accounting in accordance with state budget laws. Estimated revenues and expenditures are budgeted for by fund, program and object. Information on the past two years' actual revenues, expenditures, and ending fund balances, as well as current year estimates, are included in the budget document.

The Budget Committee conducts public hearings for the purpose of obtaining citizens' comments, and then approves a budget and submits it to the Agency Board for final adoption. The approved expenditures for each fund may not be increased by more than 10% by the Board without additional public hearings and notice requirements. After the Board adopts the budget and certifies the total of ad valorem taxes to be levied, no additional tax levy may be made for that fiscal year.

The Board legally adopts the budget by resolution before July 1. The resolution establishes appropriations for each fund and expenditures cannot legally exceed these appropriations. The budgets are adopted and monitored at the program level with the exception of contingency, debt service and transfers out. The exceptions are adopted and monitored at the object group level. Appropriations lapse as of year-end.

The Board may change the budget throughout the year by transferring appropriations between levels of control and by adopting supplemental budgets as authorized by Oregon Revised Statutes. Additional resources that are unexpected may be added to the budget through the use of a supplemental budget, which requires publication in a local newspaper, a public hearing and approval by the Board. Expenditure appropriations may not be legally exceeded except in the case of grant receipts which could not be reasonably estimated at the time the budget was adopted, and for debt service on new debt issued during the budget year. During the fiscal year ended June 30, 2019, the Urban Renewal Agency Board approved five supplemental resolutions. The supplementals included increases to various capital projects and the related project management fees. The additional increases to the budget were offset by a decrease in contingency.

Excess of Expenditures Over Appropriations

There were no excess of expenditures over appropriations for the fiscal year.

(a component unit of the City of Wilsonville, Oregon)

Notes to the Basic Financial Statements

June 30, 2019

3. DETAILED NOTES ON ALL FUNDS

Cash and Investments

Cash and investments are comprised of the following:

Deposits with financial institutions			\$ 2,398,199
Investments:			
Commercial paper and corporate bonds	\$	6,617,527	
US Agency obligations		6,558,480	
Local government investment pool		18,815,494	
Total investments		_	 31,991,501
Total pooled cash and investments			\$ 34,389,700
Cash and investments are reflected on the balance sheet as	follows:		
Cash and investments			\$ 9,324,713
Restricted cash and investments			25,064,987
			\$ 34,389,700

The Agency participates in the State of Oregon Local Investment Pool (LGIP or Pool) which is an open-ended, no-load diversified portfolio created under ORS 294.805 to 294.895 and is not registered with the U.S. Securities and Exchange Commission as an investment company. The State Treasurer is the investment officer for the Pool and is responsible for all funds in the Pool. These funds must be invested and managed, like that of a prudent investor, exercising reasonable care, skill, and caution. Investments in the fund are further governed by portfolio guidelines issued by the Oregon Short-term Funds Board, which establish diversification percentages and specify the types and maturities of investments. The Oregon Audits Division of the Secretary of State's Office audits the Pool annually. The Division's report on the Pool as of and for the year ended June 30, 2019 was unqualified and may be obtained at the Oregon State Treasury, 350 Winter St. NE, Ste 100, Salem, OR 97310.

The Agency's position in pool at June 30, 2019 is stated at cost which approximates fair value. The Agency categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure fair value of an asset. Level 1 inputs are quoted prices in active markets for identical assets. All investments are valued using quoted market prices (Level 1 inputs).

		Comi	mercial Paper					
U	JS Agency		And	Loca	Local Government			
	Corporations (Level 1)		oorate Bonds (Level 2)	Investment Pool (Level 2)*				
\$	6,558,480	\$	6,617,527	\$	18,815,494			

Reference should be made to the City of Wilsonville's Comprehensive Annual Financial Report for the year ended June 30, 2019 for further information on compliance with Oregon Revised Statutes relating to the collateralization of deposits and categorization of investments.

(a component unit of the City of Wilsonville, Oregon)

Notes to the Basic Financial Statements

June 30, 2019

Credit Risk

As required by the Agency's investment policy, which adheres to the State of Oregon statutes, all investments were rated A1 through AAA by the Moody's Investor Services or Standard and Poor's reporting agencies. The State of Oregon Local Government Investment Pool is not rated.

At June 30, 2019, the Agency's investments were rated as follows:

	mercial Paper and porate Bonds	JS Agency orporations	 al Government estment Pool
Aaa	\$ -	\$ 6,558,480	\$ -
Aa3	999,010	-	-
Aa2	2,247,848	-	=
Aa	-	-	-
A2	1,384,029	-	-
A1	-	-	-
Unrated	 1,986,640	 -	 18,815,494
	\$ 6,617,527	\$ 6,558,480	\$ 18,815,494

Concentration of Risk

The City's investment policy, as it relates to investing outside of the LGIP, does not allow for an investment in any single corporate entity and its affiliates or subsidiaries that is in excess of five percent of the City's total investments (ORS 294.035). Additionally, the policy requires the maximum investments in aggregate for all commercial paper and corporate bonds to be limited to 35% of the total investment portfolio.

Interest Rate Risk

The Agency's investment policy explicitly limits investment maturities as a means of managing its exposure to fair value loss arising from increasing interest rates. For commercial paper and corporate bonds, the maximum maturity is 18 months. The Agency intends to hold all investment until maturity.

Maturities of investments as of June 30, 2019 are as follows:

	Less than 6		6-12 Months		12-	18 Months	 Total	
Commercial Paper and								
Corporate Bonds	\$	4,485,000	\$	1,748,268	\$	384,259	\$ 6,617,527	
US Agency Corporations		4,498,040		1,514,070		546,370	6,558,480	
Local Government Investment Pool		18,815,494					18,815,494	
	\$	27,798,534	\$	3,262,338	\$	930,629	\$ 31,991,501	

(a component unit of the City of Wilsonville, Oregon)

Notes to the Basic Financial Statements

June 30, 2019

Capital Assets

Capital assets for urban renewal activities, net of depreciation, consist of the items listed below:

4. OTHER INFORMATION

Property Tax Limitation

The State of Oregon has a constitutional limit on property taxes for schools and non-school government operations. Under the provisions of the limitation, tax revenues are separated into those for the public school system and those for local government operations. The limitation specifies \$10 as the maximum allowable tax for each \$1,000 of property real market value imposed by local governments other than schools. Urban renewal debt is not exempted from the limitation and must be levied within the \$10 cap. Because overlapping local government rates have been less than \$10 this limitation has not adversely affected the Agency.

In May 1997, Oregon voters approved a property tax measure that rolled back assessed values to 90% of the 1995-96 amounts and limits future years' growth to 3% with exceptions for substantial improvements. The measure also created a fixed property tax rate for each government's operating levy. Additionally, the measure states that the Legislative Assembly shall enact laws that allow collection of ad valorem property taxes sufficient to pay indebtedness incurred to carry out urban renewal plans. These collections shall cease when the indebtedness is paid.

Tax Abatement

The Agency has authorized tax exempt status for five low income apartment complexes: Autumn Park Apartments, Charleston Apartments, Creekside Woods, Rain Garden Apartments and Wiedemann Apartments. All properties are required to meet State and Federal funding requirements which include annual physical inspections and an annual audit of financial activity and programmatic compliance. The property tax exemption may be removed if the property is being used for any purpose other than the provision of low income housing, or if the property is no longer eligible under the stated provisions of ORS 307.540 to 307.548. Section E of the renewal application requires the applicant to acknowledge compliance with the requirements annually. For fiscal year ending June 30, 2019 the Agency's forgone property tax revenue is \$49,156.

Encumbrance Accounting

All outstanding encumbrances lapse at year-end and are re-appropriated as required to the subsequent year.

GASB Pronouncements Implemented

GASB Statement 88, "Certain Disclosures Related to Debt, including Direct Borrowings and Direct Placements." The requirements of this Statement will take effect for financial statements starting with the fiscal year that ends June 30, 2019.

INDEPENDENT AUDITOR'S REPORT REQUIRED BY OREGON STATE REGULATIONS

This page intentionally left blank.

7624 SW Mohawk Street Tualatin, OR 97062 www.merina.com 503.723.0300

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE AND ON INTERNAL CONTROL OVER FINANCIAL REPORTING ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH OREGON STATE REGULATION

The Agency Officials Urban Renewal Agency of the City of Wilsonville Wilsonville, Oregon

We have audited the basic financial statements the Urban Renewal Agency of the City of Wilsonville, a component unit of the City of Wilsonville, Oregon, as of and for the year ended June 30, 2019 and have issued our report thereon dated December 18, 2019. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the provisions of the *Minimum Standards of Audits of Oregon Municipal Corporations*, prescribed by the Secretary of State.

Compliance

As part of obtaining reasonable assurance about whether the Urban Renewal Agency of the City of Wilsonville's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, including the provisions of Oregon Revised Statutes as specified in the Oregon Administrative Rules 162 of the *Minimum Standards for Audits of Oregon Municipal Corporations*, noncompliance with which could have a direct and material effect on the determination of financial statement amounts:

- Deposits of public funds with financial institutions (ORS Chapter 295).
- Indebtedness limitations, restrictions, and repayments.
- Budgets legally required (ORS Chapter 294).
- Insurance and fidelity bonds in force or required by law.
- Programs funded from outside sources.
- Highway revenues used for public highways, roads, and streets. The Agency does not receive highway funds.
- Authorized investment of surplus funds. (ORS Chapter 294).
- Public contracts and purchasing (ORS Chapters 279A, 279B, and 279C).
- Accountability for collecting or receiving money by elected officials. The Agency does not have any elected
 officials collecting or receiving money.

However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. In connection with our testing, nothing came to our attention that caused us to believe the Urban Renewal Agency of the City of Wilsonville was not in substantial compliance with certain provisions of laws, regulations, contracts, and grants, including the provisions of Oregon Revised Statutes as specified in the Oregon Administrative Rules 162-10-000 through 162-10-330 of the *Minimum Standards for Audits of Oregon Municipal Corporations*.

OAR 162-10-0230 Internal Control

In planning and performing our audit, we considered the Urban Renewal Agency of the City of Wilsonville's internal

control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Urban Renewal Agency of the City of Wilsonville's internal control. Accordingly, we do not express an opinion on the effectiveness of the Urban Renewal Agency of the City of Wilsonville's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Minimum Standards of Audits of Oregon Municipal Corporations*, prescribed by the Secretary of State, in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

For Merina+Co Tualatin, Oregon
